4H/FFA/OPEN SCHEDULE 2025	

FFA GENERAL RULES:

All entries in this division must be from SAE (supervised agricultural experience) Projects carried on as a part of the regular high school Agriculture Science and Technology Program and FFA. FFA members may compete in the department including selling of a market animal no later than the sale/fair held the same year as their high school graduation.

All projects are the liability of the student and family. Personal insurance will be held liable if there is any accident or incident, regardless of location. The individual school districts, FFA chapters, and the Douglas County Fairgrounds are not responsible in the case of an accident.

1. All animal exhibits must be in the possession and care of the FFA member exhibiting the animal by June 1 of this year and continued through the fair. Any animals that are not owned by the exhibitor must have a lease agreement by this date as part of their records and available for review. All animal exhibits must be entered onto the FFA Entry Form available from advisors and must be submitted no later than July 1 of this year.
2. Crops are due 10am-3pm the Saturday before the fair. All other static exhibits are due in place with Exhibitor Cards by Sunday, 5pm. (Mechanics, educational displays, wool, etc.).
3. In case there is no competition, or entries are deemed unworthy of premiums offered, the premiums will be awarded according to the discretion of the judges. Champion of the breed/division will be awarded at the discretion of the judge.
4. No exhibitor will be permitted to enter the same animal in both 4-H and FFA.
5. All FFA livestock exhibits must be in place by the end of vet check as scheduled during Fair Week. Check schedule for specific vet check times by species.
6. Each FFA livestock exhibitor is required to exhibit in the showmanship contest in each division in which they have an animal entered. No chapter entered animals will be entered in showmanship unless a chapter member is a chapter manager and their records, business agreement, and journal show this; then this member can show the chapter animal(s) in showmanship.
7. All FFA livestock exhibitors/chapters are automatically entered in the herdsmanship contest in each division in which they have an animal entered.
8. Exhibitors will be allowed two entries in each livestock class, two in each wool class, two entries in each ag mechanics class, and one showmanship entry in each livestock division. Members having two entries in a specific livestock class may have the second animal shown by another FFA member. Each member may designate one market animal for the livestock auction. The designation must be made before the animals are weighed per the Market Auction rules.
9. Each exhibitor is responsible for having their exhibit in the ring or other proper place designated when the class is called for, the exhibit to be judged or sold. It is their responsibility to familiarize themselves with the class name and number of each entry they intend to show. If they do not have the entry in the proper place at the proper time for judging, the entry will not be allowed to compete.
10. Dress - All FFA exhibitors will be required to wear appropriate clothing while exhibiting their entries and at the awards ceremony. This attire would include the following items:
 - An FFA jacket, white collared shirt, and FFA tie or scarf
 - Black jeans, pants, or skirts (if appropriate).
 - Proper black foot wear
 - All items should be clean and worn in good taste.

12. The FFA Superintendent, Assistant FFA Superintendent and FFA Department Superintendent have the authority to make any decisions necessary on questions of interpretations on rules of that department.
13. The County Fair Board and FFA advisors shall make all interpretations on these FFA General Rules.
14. The local chapters have the right to enforce additional requirements.
15. All FFA exhibitors, in order to exhibit in their division, must be under the direct supervision of their agricultural science & technology classroom instructor/FFA advisor, who must be onsite daily for the duration of Fair.

Note: General Rules For All Fair Exhibitors and General Livestock Rules are found at the end of this Premium Book (see Table of Contents). All FFA exhibitors will follow all Fair rules, guidelines, and Market Auction Guidelines when appropriate. Failure to do so may result in loss of premiums, and dismissal from fair and/or market auction.

PREMIER CHAPTER AWARD

The purpose of this award is to encourage FFA members to participate in all Departments. The winner of this award will be based on the ranking of each chapter in all Departments listed in this Premium Book.

BRED & FED RECOGNITION

The purpose of this recognition is to highlight those students who are exhibiting livestock that are the result of their own breeding livestock SAE.

Members who exhibit Bred & Fed animals will be presented with an exclusive stall sign that recognizes the achievements of their animal SAE. In order to qualify as 'Bred & Fed', the following must be true:

- 1) The animal being exhibited has been under the management and care of the member since birth.
- 2) The dam of the animal being exhibited was owned, managed, and part of an active SAE of that member and was entered into the FFA recordbook at the time of parturition. If the dam was owned by another person (relative/etc) it does not qualify.
- 3) Both criteria will be verified and approved by the FFA advisor at the time of registration.
